RE: DOCKET No. 98N-1265

Please note my hearty disapproval of the Memorandum of Understanding published by the FDA on Jan. 21, 1999.

In the increasingly complicated world of health care, the patient must take more and more responsibility in order to make sure he gets the best care available to him.

Restriction of my rights to buy from the compounding pharmacist of my choice, no matter where I live or travel, is an abridgment of my rights to control my health care.

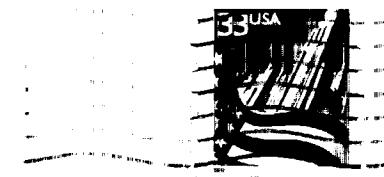

This is NOT a safety issue.
